**INDUSTRIAL ENERGY**

**WE DESIGN AND INSTALL  
INDUSTRIAL ENERGY SYSTEMS  
FOR THOSE WHO DO NOT  
WANT TO RISK THEIR TIME OR  
MONEY.**

**Bravex**  
INDUSTRIAL ENERGY

**it's**  
**open**

## **WE PREVENT MISTAKES.**

We know that you urgently need electrical infrastructure for your project. But, it is very difficult to find suppliers that give you confidence, immediate attention and effective services.

⚡ [bravex.com.mx](http://bravex.com.mx)

## **We take care of it.**

A poor electrical installation can cause delays in your operations, and therefore affect the profitability of your business.

*You should not be worried about this.*

## **THIS IS WHY WE ARE HERE: TO GUIDE YOU ALONG THE WAY.**

- ⚡** We have been doing electrical/mechanical engineering and installations for more than 15 years with high international standards and certifications such as: NOM-001- SEDE-2012 / NEC / OSHA.
- ⚡** We have served the **USA, China, Germany., and other countries, in addition to over 50 companies with operations in Mexico, like: Bellinturf, Kuka Home, Fuling, BUT/BUSC, Neaton, Huajie, HunterDouglas, Hofusan Industrial Park, British American Tobacco, Uline, American industries, Intermex, CFE, Liverpool, Invictus, Innovasport, ITW, Fluidmaster, Polaris, to name a few.**
- ⚡** We have successfully brought **more than 100MW of energy to different projects in more than 1 million m2 of industrial buildings**

## ELIMINATE STRESS IN 3 STEPS.

1

Schedule an **appointment** by mail or phone and tell us about your project.

2

We present a **job proposal** that includes:

- Engineering design.
- Construction.
- Maintenance.

3

Utilize our proposal to **take your project to new heights.**

## ENGINEERING DESIGN

*Our team has 15 years of experience in the following areas:*

- Engineering development and construction with the highest quality of standards.
- Design of medium and high voltage electrical substations.
- Engineering, design and construction of compressed air systems for industrial solutions.

## CONSTRUCTION

*We take your industrial warehouse from inception to the opening day.*

- We build electrical and mechanical systems for industrial buildings designed to suit our client.
- We carry out design, supply, construction and commissioning.
- We carry out the paperwork and procedures for your energy contract.

## MAINTENANCE

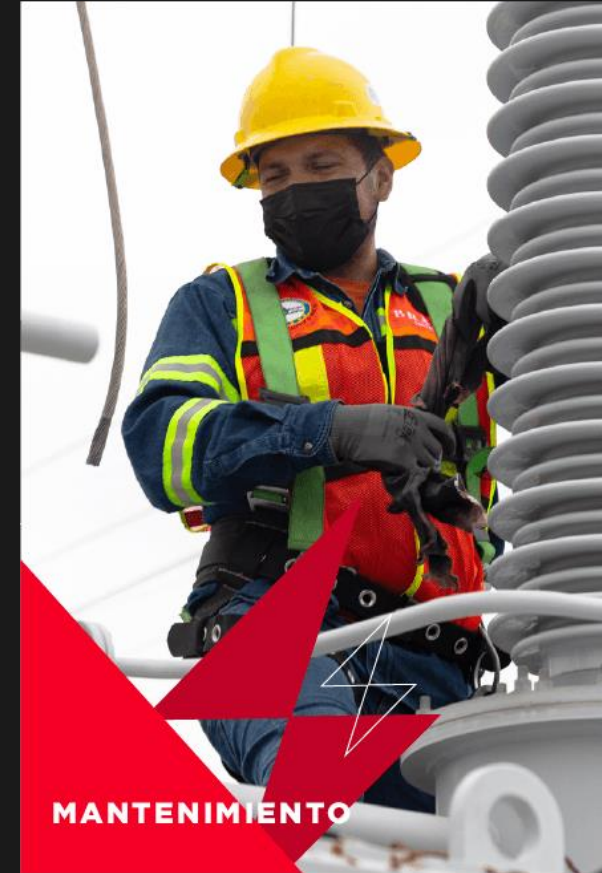

*We carry out all of the necessary electrical tests for the preventative and corrective maintenance of your facilities.*

- Power substation maintenance.
- Transformers corrective maintenance.
- Commissioning and electrical tests.
- We have an inventory of transformers and the best equipment to solve your case.

## OUR PROPOSAL.

## NO SURPRISES.

We **meet the deadlines** **with the quality** we promise.

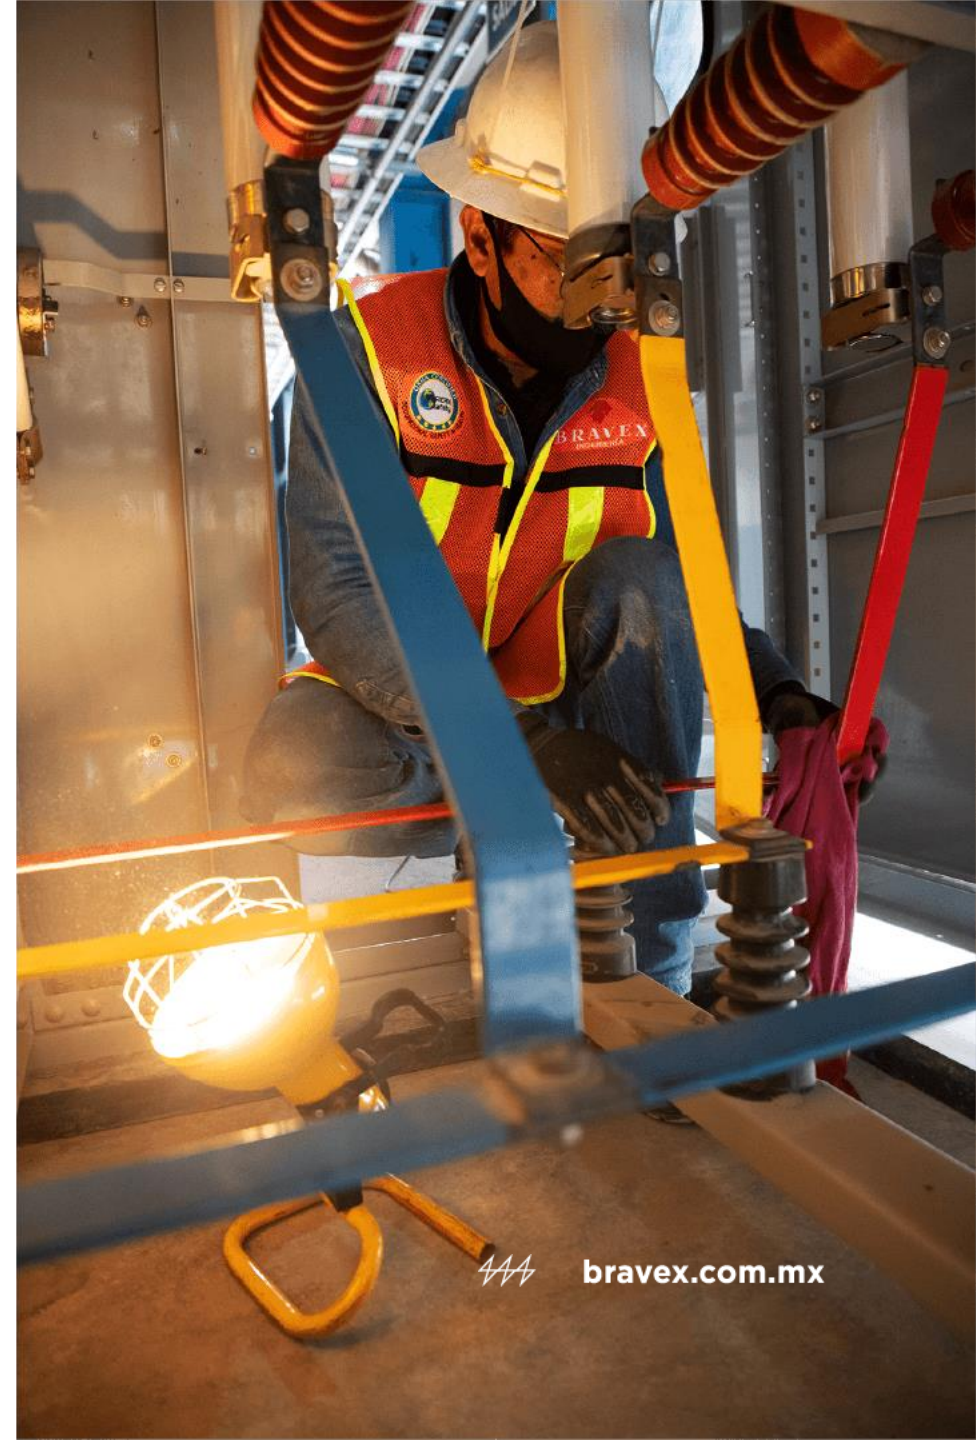

We have staff on-call **24/7.**

We will operate with a high level of **safety** in your facilities.

Our projects are **turnkey** so you can operate from the first day.

## WE ELIMINATE WORRY.

We will take care of the energy of your project so that you can calmly attend to the operation and profitability of your business.

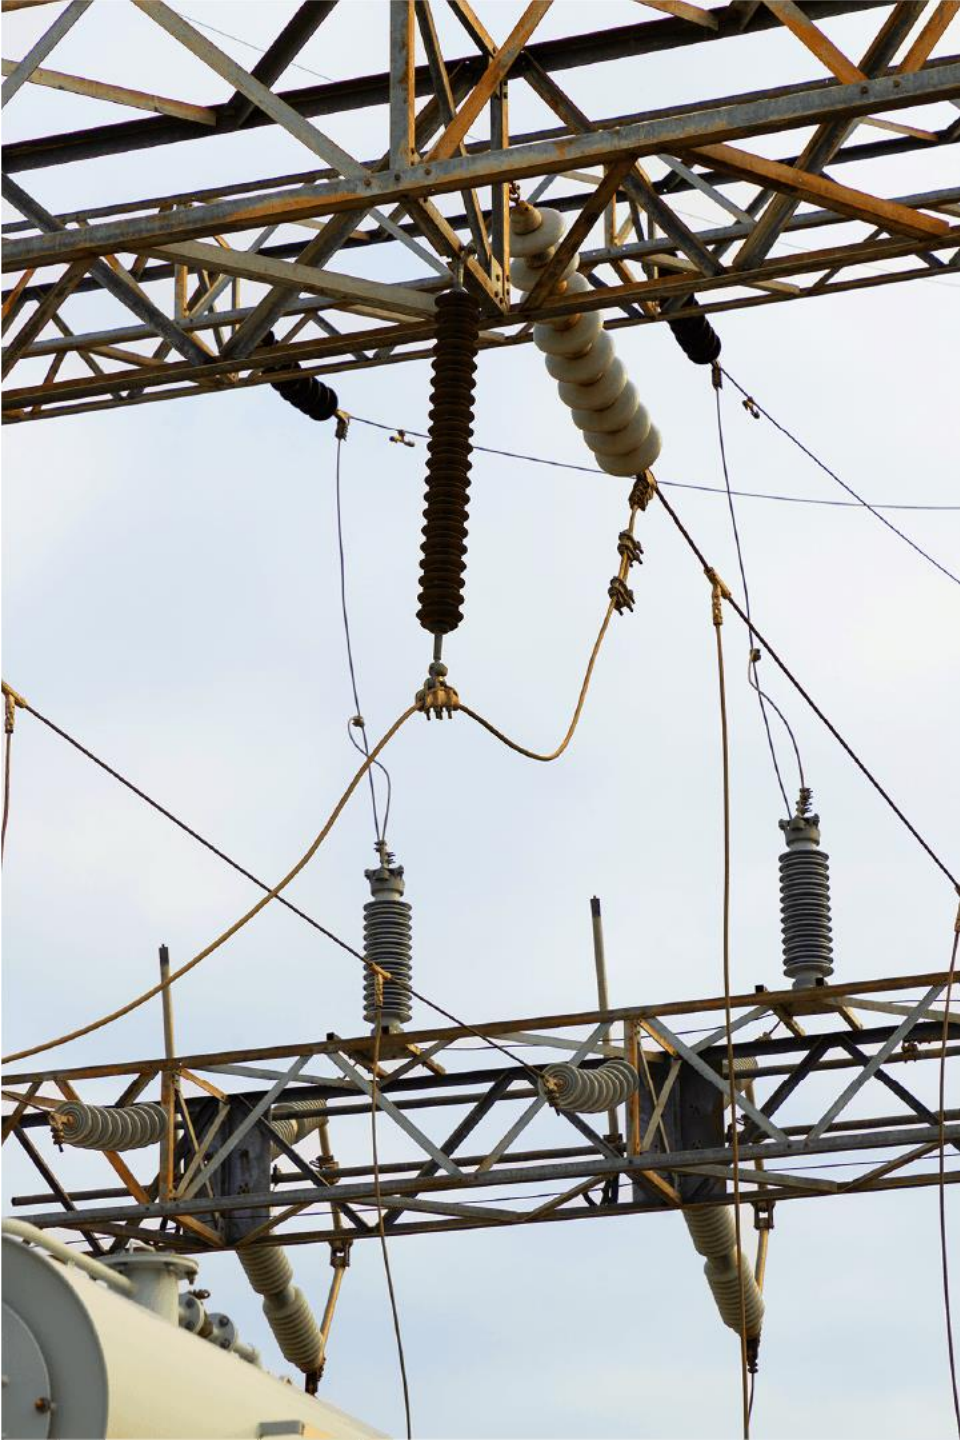

⚡⚡⚡ [bravex.com.mx](http://bravex.com.mx)

## 7 Common Risks you avoid when you work with **Bravex**.

1. Sanctions from CFE and government agencies for failing at the verification process.
2. EHS risks.
3. Rework and delays in the operation.
4. Low profitability of the business.
5. Unsafe conditions for your employees.
6. Insufficient power that stops everything.
7. Unsustainable electrical expense.

Take away worry from engineering and electrical/mechanical installation, and take control of your **core business.**
